### **Increase in Public Offering Price**

On May 1, 2015, we increased our public offering price from \$9.75 per share to \$9.90 per share. This increase in the public offering price will be effective as of our May 7, 2015 weekly closing. In accordance with our share pricing policy, our board of directors determined that an increase in the public offering price per share was warranted following an increase in our estimated net asset value per share in order to ensure that our net asset value per share does not exceed our net offering price per share. As a result of the increase in our public offering price per share, our maximum combined sales commission and dealer manager fee per share and the net proceeds per share will correspondingly increase from \$0.97 to \$0.99 and \$8.78 to \$8.91, respectively.
